Digital Dye Injection

INNOVATION AWAITS

Tarkett Hospitality's Digital Dye Injection removes creative limitations. Co-create with us, choosing up to 14 colors out of our palette of 500, or create an entirely custom design with crisp pattern details. Each Digital Dye Injection carpet contains 10% pre-consumer recycled content helping protect the planet's valuable resources.

This state-of-the-art technology can also be used to create custom area rugs, providing a one-of-a-kind solution for every space.

Digital Dye Injection
