

THE
WABI-SABI
COLLECTION

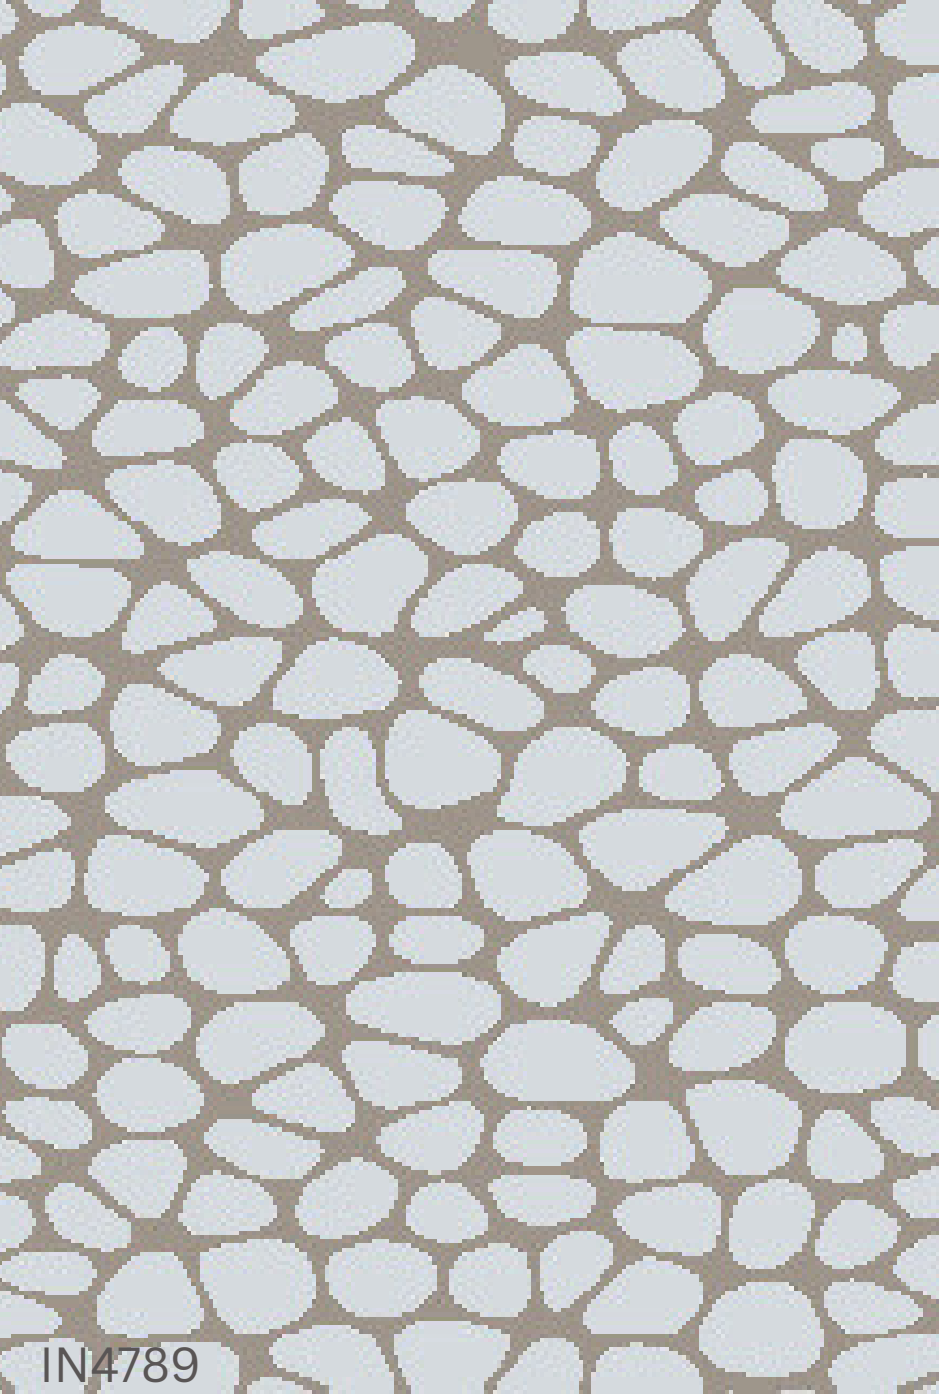

SPRING 2025

The Wabi-Sabi Spring Trend collection
embraces the Japanese philosophy of
finding beauty in imperfection,
transience, and simplicity.

This unique collection is designed to
bring a sense of harmony and natural
elegance to any space, reflecting the
authentic and raw beauty of nature.
Each design features subtle textures,
earthy tones, and irregular patterns
that echo the unpredictability and
impermanence of the natural world.
The Wabi-Sabi custom carpet collection
invites you to appreciate the charm in
the unrefined and celebrate the
perfectly imperfect.
