

A woman in a blue and white striped dress and white sneakers is lying on a grey sofa, resting her head on a cushion. A brown suitcase and a black suitcase are on the floor next to her. The floor is made of dark wood. The background shows a window with sheer curtains and a dark curtain.

# NuGen™

RIGID CORE FLOORING

Rigid.  
Flexible.  
Beautiful.

 **Tarkett**

## Rigid construction. Flexible design.

NuGen luxury vinyl flooring offers the best of both worlds: the enhanced performance of rigid core strength, with a suite of flexible designs for today's most frequented hotels..

### No wrong answers.

Available only in our bestselling designs, NuGen simplifies the renovation process with fashion-forward style and easy installation, so there's never a wrong selection. Each pattern combines the authentic look of wood grain with waterproof performance to stand up to the daily demands of hospitality environments. Perfect for guest rooms, fitness rooms and employee break areas, NuGen delivers beauty, value and performance.

## A total solution.

Tough enough to stand up to the rigors of daily wear and maintenance, yet beautiful and comfortable underfoot to welcome guests from the moment they walk in the door, NuGen gives you the best of both worlds.

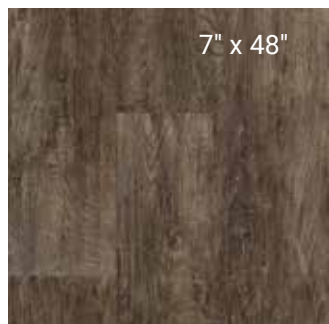

With easy, no-mess installation, guaranteed long-term wear and authentic-looking wood designs, NuGen is an ideal choice for the building project and the property.

## Doing Good— Together.

At Tarkett North America, we believe that together, we can make a positive impact on people and the planet. That's why we're Doing Good—Together, connecting our sustainability efforts with what our customers value and our world needs. It's an active, living commitment to create a future where people and the planet prosper in balance. Where sustainable flooring solutions don't just perform, they inspire.

NuGen is 100% post consumer recyclable right back into new LVT products.

All over the world, the Tarkett ReStart® program helps customers manage their flooring waste from job installations, collecting off-cut or used vinyl materials.

Plus, Tarkett is implementing cost-effective local take-back programs, and designing our flooring systems to be easily uninstalled and disassembled for cost-effective sorting and recycling.

### DESIGNING FOR LIFE

Developing products based on Cradle to Cradle® principles that contribute to people friendly spaces AND respect the planet's natural capital.

### CLOSING THE LOOP

Building a circular economy inclusive of programs and business models that encourage take back, reuse, recycling and elimination of waste

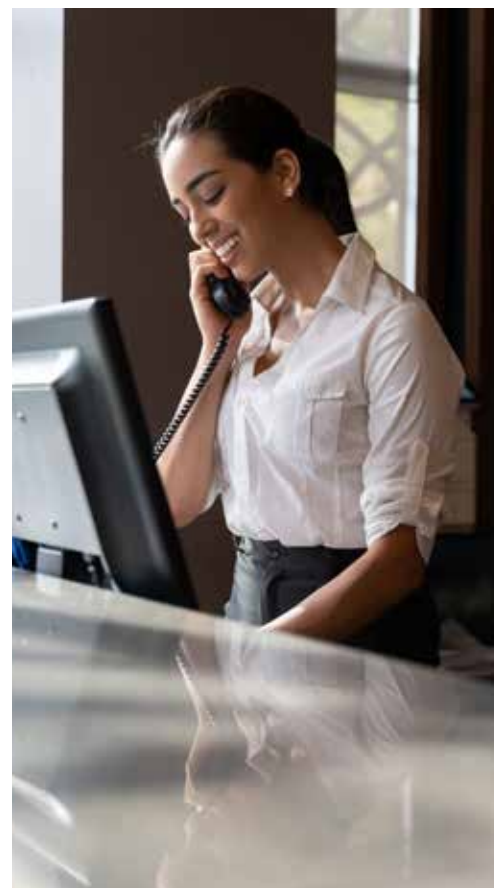

### DRIVING COLLABORATION

Inviting others to join us in Doing Good through education, collaboration, transparency and communication
